### ADVOCACY

On the evening of September 12, 1993, Mary Ann Sanders suffered a massive heart attack. This one event changed the course of her life forever. Now, a healthy heart attack survivor for more than 18 years, Mary Ann has become a passionate You're the Cure advocate, who speaks-up for heart-healthy and stroke-smart policies, like smoke-free laws in Louisville, Kentucky.

[This year, we celebrate 30 years of heart and stroke advocacy with a video that highlights the stories of advocates, like Mary Ann, who made it possible.](#) Together, we've taken the journey one day at a time, using small victories to make big changes in heart and stroke policy. As we celebrate these achievements, we want to hear how heart and stroke advocacy has impacted you. [So please take a moment to tell us your story,](#) as we recognize the dedicated work of our advocates. You've carried us this far and will lead the way for more great changes in the future.

THANK YOU!!!

### PROGRAM

As time grows closer to our event, our print deadlines arrive! All of our current sponsors have been contacted with a deadline of December 6th for the program acknowledge-ments. Once received, they will be sent to Jack Yohn for placement in the program.

### NAMES OF GUESTS

We are also reaching out to our sponsors to ask for the names of the individuals who will be attending the Heart Ball. It is not only important to have so we can accurately assign table seating and bidder numbers, but this year it is particularly important to get their email addresses so we can send them the link to the Online Auction Booklet. Please help us in gathering email addresses. Thank you!
